DETAILED ACTION

1. Claims 38-74 are pending in the instant application. Claims 41-50, 53-54, 58-67 and 69-71 remain withdrawn.

Response to Amendment

2. The claim amendments and remarks filed on September 23, 2008 have been fully considered. The 35 USC 102 rejection has been obviated and is thus hereby withdrawn. The 35 USC 112 1st paragraph rejection is maintained and hereby made FINAL. .

3. Below is a response to Applicant's remarks:

“Compounds Q3t and Q3r
provide evidence that “carbarnido” and “sulfarnido” were incorrect names and that
“carbarnoyl” and “sulfarnoyl” should have been used. ”

Applicant's remarks are noted, however, they are not found to be persuasive. The inaccurate naming compounds Q3t and Q3r provides support for correcting the naming of those two compounds. Thus, it is maintained that the amended genus is not supported by the original disclosure.

Information Disclosure Statement

4. The information disclosure statements (dated September 23, 2008 and October 20, 2008) were in compliance with the provisions of 37 CFR 1.97 and 37 CFR 1.98. The statements were considered. Signed copies of form 1449 enclosed herewith. The lined-through reference was not considered because a copy was not provided.

Conclusion

5. THIS ACTION IS MADE FINAL. Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
